Major Courses (12 hours)		Notes
The CNC machinist certificate reflects the ulmination of those learned skills and proficiencies that allow a student to set-up and perate CNC machinery and turning centers at the entry level. The core courses provide training in a MAAS Mill, a Haas Lathe, and on machine hop operations. Complete the requirements for his certificate to get a head start in the field as a CNC machinist. There are many employment poportunities in the local and regional area in this eld of study.
